Glades District Gets Sparse Sums For Road Work

Pahokee's Broom Point Road And Section of Highway 80 to be Improved

The State Highway Commission at its final budget session set up the distribution for road and bridge expenses in the state at the large sum of \$52,406,719.00. This was several millions less than had been petitioned for by the collective county sources.

Of this sum Palm Beach county will be apportioned two million and 300,000 dollars to carry on its work, administered through the office of the Board of County Commissioners.

Under the proposed improvement plan most of the money will go to the construction of new bridges and some road building work. The Glades district is practically forgotten with exception of funds for about four miles on Route 80 east of Twenty mile bridge, and the favored Broom Point road in Pahokee, sometimes called the Rarden cut off road around the south end of the lake. These two improvements get an appropriation of \$484,880.

Texas Freezes To Help Florida In Produce Marketing

How fortunate are our Glades farmers who now are harvesting a very fine crop of leaf and root vegetables that freeze or frost has not nipped their goods. Florida is one of the few States that have not been bothered by the disastrous weather which has whipped over the northern and eastern states.

According to Agent H. I. Speer the sweet corn deal is looking up. Much of this type of corn has already been shipped, and more will be going in to the ground in the next ten days. Returns from this commodity were quite satisfactory last fall.

Texas growing areas were hard hit the past week with very low temperatures causing untold loss to the growers of vegetables, and citrus. This is going to cause a short crop of citrus in Florida still having commodities short and peach growers to be picking up the growing season.

St. Pierce's growers took in more than a million dollars on their fall tomato crops. Around 5,000 acres will be planted in tomatoes in St. Lucie county for the spring crop.

"Red" Mounds hearing of the travel picture, invited W. P. Risk and daughter Margaret, over to West Palm Beach, to present the film to one of the Glades groups, on last Tuesday night.

Prices on the Belle Glade Continued on page 4

New Liquor Board Inspector Named

State Beverage Director Louis H. Scott, of Vero Beach, has named three new inspectors to work in his territory.

They are Alred A. Scott, a hometownsman, of Vero Beach, for District No. 9, composed of Indian River, Okeechobee, St. Lucie, Martin and Palm Beach counties. Robert Ramsey, of Leesburg for District 7; and H. Marshall Brady, of Orlando, for District 8.

Church of Christ To Have Speaker

"Christian Science: Rational Religion," is the title of the lecture to be given in the Christian Science Church Sunday afternoon, February 6th, at 3:15 o'clock.

City Inspector Seeks New Ordinances For Property Condemnations

Sanitary Policeman "Buddy" Willis, in order to get power to make corrections and condemnations of unsanitary premises, after official notice and failure to comply with orders, presented an ordinance to the city commission for enactment.

However, the Commission decided to go slow on the matter, until fuller information could be had on the subject of ordinance coverage.

The Commission as a whole, under the direction of the city and state inspectors, agreed to visit the scene of the Inspector's investigations, so that they could have first hand knowledge on the conditions of premises that would be falling under the proposed ordinance's power.

The ordinance proposed will provide means whereby the sanitary policeman could proceed with condemnation proceedings when he found it necessary to apply such powers, as the existing city act is rather vague and uncertain in such procedure.

Handless Man Amazes Rotarians With Performance

If you're kinda looking for sympathy because of your misfortune of a white character, witnessing the performance of Joe Padgett with a pinto, shotgun, outboard motor, saw, lighting a cigarette, casting with a rod and reel, as well as performing other feats, will do so for you. The handless man will do so for you. The handless man will do so for you.

Joe barely missed a hat 40 feet away with his plug on a regulation rod and reel. He moved his revolver from its holster and fired it, and loaded and fired a shotgun, and demonstrated his ability to saw a straight line with a saw. All this he did with regulation tools and equipment.

Joe builds his own boats and can attach and start a kicker. Mr. Padgett lost his hands when he was 20 years ago while following his regular job as an electrical engineer. He overcame self-pity and a sense of inferiority and came up with these accomplishments.

The State Game and Fresh Water Commission, sponsors Mr. Padgett's appearance, for public meetings in the interest of conservation.

Tennessee Guide Boats Huge Bass From Winne's Cove

The Parrish and Davis fishing contest the past week got a real leader in a black bass weighing ten pounds and four ounces.

John Sharp, a fishing guide at Rifloot Lake reservation in Tennessee, had caught a bass weighing 10 pounds and four ounces with John Brooker, a noted angler from St. Louis, Mo., to fish the Okeechobee waters. Both men were companions for a number of years past, and the visit here was a special outing for the guide from his patron.

The men secured boat facilities at Solly Corbin's camp and set out with a negro guide for the fishing grounds. The men were using Black River Run and Johnson's No. 3 spoon bait, and on the return to dock each had a pair of black pike.

Coast-Glades Boat League Will Function Again This Season

"Bud" Ward, of Lake Worth, head of the Coast-Glades Boat League has called a league meeting for Lake Worth, February 10, at 8 o'clock. Plans are for the season opening with game on April 3rd. Last year the league was composed of members from Clewiston, Pompano, Ft. Pierce, Lake Worth, Palm Beach and Stuart.

National League Talks Canning And Wage Rates

Proposed Laws To Edge More Into Farmers' Pockets

Members of the Everglades Branch of the National League of Wholesale Fresh Fruit and Vegetable Distributors were told on Tuesday night that legislation now being considered and Washington would shorten the work day in packing houses raise wages and further complicate the preparation of fresh vegetables for shipment to no edge into farmers' pockets.

Meeting at the Gala Club in South Bay for their regular monthly meeting, the League members heard LaMonte, manager of the Florida Fruit and Vegetable Association, analyze a proposal now pending before the House Committee on Labor and Education to greatly tighten the provisions of the Fair Labor Standards Act of 1938, which includes the wages and hours law, the child labor law and other restrictive legislation affecting operators of vegetable packing houses.

Graw, who returned from Washington Friday, advised that the committee on which had not been publicly available; the sponsors apparently are trying to push the proposed law through with a limited number of yearlings. This, he said, seems to be the administration strategy, in order to carry out the "mandate." President Truman said he had received.

The new act would broaden (Continued on page 2)

Radio Thief Is Caught in Town

About a month ago, Jack's fish market, was broken into and some of the merchandise was stolen. Goodlett got a tip on the whereabouts of a suspect, and Palm Beach police arrested him.

Other fishermen men are held in custody in connection with the robbery after claiming innocence of the crime. The radio in question was recovered after the arrest of the quartet of suspects.

Working Out Plans For Farm Labor Truck Operation

Farm labor crew leaders who haul workers to and from their farms on trucks will not be molested by motor vehicle inspectors.

Information obtained in Tallahassee by LaMonte Graw, manager of the Florida Fruit and Vegetable Association, showed that the law, as amended, will exempt from inspection trucks used by farm labor crew leaders. Graw explained to the Commissioner that the crew leader is not a commercial driver, and that the truck is used for the transportation of farm labor, and that if each state in which migratory farm labor is employed should charge the full state tax it would result in most crew leaders seeking other means of transport.

Graw explained to the Commissioner that the crew leader is not a commercial driver, and that the truck is used for the transportation of farm labor, and that if each state in which migratory farm labor is employed should charge the full state tax it would result in most crew leaders seeking other means of transport.

Col. A. G. Matthews, head of the police division of the Florida Flood Control project, stated that Lake Okeechobee, will be the heart of the control area, and engineers will be sent to the lake, and then later released as the Caloosahatchee and St. Lucie canals, and from five to seven smaller canals. There will be a million water acres.

The engineering plans will be for the raising of the present dikes, and filling in the gaps on the east, north and west sides of the lake, so the lake will be enclosed, and around its circumference, an amount of work which will be as great in proportion as the permanent work already done, which will cost millions of dollars. This will again bring busy (Continued on page 8)

Stock Inspectors Looking For Ticks On Local Pastures

Quite a bit of excitement was created among the ranks of the Belle Glade cattle men, when inspectors for the State Live Stock Department made their appearance here, and began to post temporary quarantine notices, for purposes of inspection, for the pest ticks.

It developed that several carcasses of grazing animals had been removed from quarantined districts and brought into this region, and it was these animals the inspectors were seeking to determine if they were tick free from tick, and if not, that protecting service be invoked, and control taken over local owners for removal to no edge into farmers' pockets.

The inspectors stated that so far as they had progressed in their investigation they had found no tick infested animals, and hoped that would be the score at the end of their investigation.

The inspectors are of the opinion that muck land cattle are not subjected as much to ticks as are pasture cattle, but muck or sand lands pastures, as something in the soil seems to keep ticks off, or there may be something in the animal's skin.

Inman Weeks Sells Hereford Herd to Ocala Stockmen

Over three years ago, Inman Weeks, of Pahokee, extensively known all over the Glades, resigned a position which he had held with the Kilgore interests of Plant City, for many years, to engage in the cattle business.

Mr. Weeks secured and improved cattle herd, then began buying up registered Hereford cattle and its pure bred, he built up with blooded stock for production purposes, besides other stock for market purposes.

By a fortunate deal he purchased a bull to head his herd by the name of "M.V. Larry Domino 10th", and in the period he has owned the animal, he developed into one of the best of his type in Florida.

Other Florida breeders began hearing such good word about the animal and its pure bred, that they looked upon the bull with covetous eyes and desire, and offers of purchase began to be tossed Mr. Week's way. Finally Mr. Week's said, "The pressure became so heavy in a financial offer way, that I could not stand the pressure, not to sell 'Larry Domino', for he was becoming too much of a liability to carry, so I sold."

But to get the sale through, he had to include all my registered herd animals."

The deal was made to the Cozell Farms and the Florida Hereford Branch, at Ocala, who are large operators in the Hereford type of cattle.

The deal, for the time being, has placed Mr. Week's out of the cattle business, but if things work out as planned, he has in mind, he may be back in it again. Meantime he is catching up with his fishing schedule.

Mr. Week's plans on attending the big Hereford exhibit and sale at Winter Haven, and there may buy up some more cattle for his pasture land.

Dykes Will Be Built Around Lake Preimter

Col. A. G. Matthews, head of the police division of the Florida Flood Control project, stated that Lake Okeechobee, will be the heart of the control area, and engineers will be sent to the lake, and then later released as the Caloosahatchee and St. Lucie canals, and from five to seven smaller canals. There will be a million water acres.

The engineering plans will be for the raising of the present dikes, and filling in the gaps on the east, north and west sides of the lake, so the lake will be enclosed, and around its circumference, an amount of work which will be as great in proportion as the permanent work already done, which will cost millions of dollars. This will again bring busy (Continued on page 8)

"National Boy Scout Week" Proclaimed By Mayor Harris

The Boy Scouts of America celebrate their 39th birthday on February 8th, by observing National Boy Scout Week beginning this Sunday.

Since their founding in 1910, the Scout movement has grown to include over two million boys, and the Senior Scouts have grown from one troop to three.

February 22, sponsored by the Methodist Church is the oldest local unit. Since then troop 88, sponsored by the Baptist Church, and the Senior Scouts, sponsored by the Lions Club, have been organized.

In observance of this week, the Mayor has issued the following proclamation:

"I, J. T. HARRIS, as Mayor of the City of Belle Glade, do hereby designate the week of February 8th, to February 12th, inclusive, as Boy Scout Week and the public in general is hereby requested to fully cooperate."

Hospital Affairs Voiced At Special Meeting Of Board

Members of the Western Palm Beach Hospital Board, along with representatives of the recent city committee investigation committee, and several interested visitors, in attendance at a meeting at the Hospital on Monday night, with Chairman Rankin presiding.

The main topic of discussion was the recent report which County Health Officer Van Landingham had made to the Board of County Commissioners concerning alleged conditions at the local hospital.

The chairman stated that the report had done irreparable damage and injury to the hospital, and introduced hospital records to show that the hospital and its agents had been remiss in the treatment of the cases cited in the report.

Tom Watson, representing the Rotary, expressed himself that there was a cause why the outside public sentiment against the hospital was so unfavorable, and things could not be adjusted or settled, until that cause was found and corrected.

The sentiment of the Board was not in favor of the holding a public opinion clinic, but rather favored a session with the County Commissioners and Health officials, as a final means of arriving at a settling all controversies.

Ernest Fiedler, hospital manager, stated that he had given considerable study on the question of the value of his presenting his resignation, but could not see how that would aid much for the present situation was one which occurred in all public operating hospitals, and the same conditions would be repeated.

If that the outside public could realize that prevailing gossip could be set right by a truthful and a bit of better public co-operation be extended, the alleged complaints could be completely eliminated. He admitted there were changes that he wished to make, but lack of finances, and rules and regulations set up by Medical and Hospital groups prevented their introduction.

The conclusion was by a voice vote giving Mr. Fiedler administration unanimous endorsement.

operate with the Boy Scouts of America the various activities held during this week."

One of the activities planned for Scout Week is Scout Day. The City Commission, in co-operation with members of the South Glades District Committee, has authorized the local Scouts to operate the City of Belle Glade on Saturday, February 12th.

The election for this day is to give the Scouts first-hand knowledge on the workings of their city. To do this, plans have been made to elect a city commissioner who in turn will meet to select the various other city officials.

The election will be held tomorrow from 8:30 A.M. 'til noon. As many scouts as wish may qualify to run. Each Scout will vote for one boy in group No. 1, Senior Scout Troop, and for two boys each from group No. 2, Troop 22, and group No. 3, Troop 88. The five receiving the most vote will serve as commissioners. Two Scouts from each troop not qualified to run, will serve as the Election board.

The commissioners will hold a meeting Tuesday night at the Baptist Church to settle the assignments of each Commissioner. Each will then appoint an assistant.

The Scouts who have qualified and are running for office are: Henry Fries, Group 1; Fred LeFils, Jr., and Lamar Hunt, Group 2; Joe Leavitt, Merton Rashley, Jerry Burry, Ronald Jones and Peter Seale from Group 3.

The members of the South Glades District Committee of Boy Scouts of America who planned and made possible this Scout Day are Bill Young, president; Henry Barwood, Dr. D. C. Steward, Spotswood Burr, Chas. B. Denny, and Ed. Lively, Tom Brenger and Ed. Lively.

COUNTRY CLUB DANCE SATURDAY NIGHT HOT SWING BAND

Phils Mills, Club Manager, announces that the Country Club of the Everglades will give a dance Saturday night for club members and their guests. The Major Swing Masters, an imported band will furnish the music and the price will be a buck and a half for Stag and Drag or one buck for Stag alone.

Chief Goodlett Has Birmingham Visitors

Richard Grey, large grocery operator in Birmingham, his son-in-law, Dewey Denny, were week end guests of Chief Goodlett, while here negotiating a business deal. Mr. Denny is preparing on opening and operating a grocery business here.

Colored Man Fires Gun Shot Into His Wife's Thigh

On Monday afternoon, Eddie Pettigrew and Margaret Pettigrew, colored, got into a family quarrel, at their home on Avenue D, which ended in Mr. Pettigrew shooting the woman with a 22 rifle inflicting serious wounds in the hip, which crushed bones.

Twenty One Million Flood Control Works Should Be Under Way During 50-51

Ft. Pierce Elks Stage Fine Past Officer's Night

The word hospitality was the pass word at the Elks Temple in Ft. Pierce, on Tuesday night, when the lodge was staging a Past Exalted Ruler's night, honoring Supreme Court Chief Justice Elks Adams, head of the Justus Department of the State. In the beautiful club dining room some 150 persons partook of a sumptuous fish fry feast at 6:30 o'clock.

The small lodge room was unable to accommodate all desired.

The purpose of this day is to give the Scouts first-hand knowledge on the workings of their city. To do this, plans have been made to elect a city commissioner who in turn will meet to select the various other city officials.

The election will be held tomorrow from 8:30 A.M. 'til noon. As many scouts as wish may qualify to run. Each Scout will vote for one boy in group No. 1, Senior Scout Troop, and for two boys each from group No. 2, Troop 22, and group No. 3, Troop 88. Rams Add Two More Victories to Basketball Win List

The Belle Glade Golden Rams came out victors in two basketball games this week, defeating both South Broward and Danville, their rivals, the Pahokee Blue Devils.

In the first win the score was 24-12. In the second game the margin of victory was larger, 38 to 16, being Pahokee's ninth loss of the season. Other basketball conference scores this week are: Lake Worth, 31, Ft. Pierce, 26; Stuart, 41, Titusville, 10; Delray, 44, Pompano, 32; Stuart, 41, Ft. Pierce, 34.

Floral School At Country Club Tuesday

Everyone in this area interested in the aesthetic and artistic side of life, will have an opportunity to learn flower arranging under the direction of an authority on the subject next Tuesday, February 8th, at the Country Club of the Everglades when Mrs. Virginia Weller of Norfolk, Va., will conduct an all day school on flower arranging. The school will open at 10 a.m. with a half hour intermission for lunch at 12:30.

The morning session will be given to Mrs. Weller's lecture and demonstrations, the afternoon session will be devoted to attending will make flower arrangements under her direction and constructive criticism.

Mrs. Weller, the author of two books, "What Ever Garden Club Member Should Know," and "Xmas Facts and Fancies," she is a graduate of select schools where she studied under experts both American and foreign.

The school is being sponsored by the Belle Glade Country Club and is open to the public. Tickets may be purchased from any member of the club, or at the door.

U. S. Engineers Plot Way To First Activity If State's Aid

Protection of the Glades farming area from flood waters of the north and west, with protective dikes for the east coast cities provided for in the \$208,000,000 Overall Flood Control Program, may begin in August of '49 and commencement of the final phase affecting the Glades immediately, may be begun by June of '50. If the State of Florida follows the lead of the Federal Government in making "local participation" monies available to the tune of \$1,153,000 for these two years.

This information comes from the U. S. Engineers plot way to first activity if State's aid.

The first work as proposed is a DIKE FROM HILLSBORO CANAL TO NORTH N. RIVER (along approximately range 40-41) thence northwestward to Miami Canal (approximately North N. River to U. S. Road No. 27—approximately beginning of August of '49. Protection of Miami will be a purpose of this.

Number two: levee from St. Louis, just east of Mayaca, southward and southeasterly paralleling Palm Beach Canal to a point just east of Twenty-mile Road—to begin in October of '49.

Number three: Levee from North N. River Canal southward to Miami Canal (approximately line parallel to Road No. 27)—to begin January '50.

Number four: (a) Levee from Hillsboro Canal southward to Miami Canal (approximately line parallel to Road No. 27)—to begin January '50.

(b) Levee along south side of Hillsboro Canal (approximately Range 41-42, approximately).

(c) Levee from Caloosahatchee to Moore Haven, following generally north and south line of muck lands—agricultural—to the Miami Canal.

(d) Levee from Hillsboro Canal concurrently and southeasterly to the same time—March 1950.

Number five: (a) Levee from Hillsboro Canal northward to West Palm Beach Canal.

(b) Completion of encircling (Continued on page 4)

Royals Attend A Motor Boat Engine Demonstration

Mr. and Mrs. Jack Royals and daughters, with Harry Doggett, attended a motor boat engine demonstration at Delray Beach, where they witnessed a demonstration of the new Wipac out board motor.

The new motor was placed in competition in test runs with a number of the leading out competing motors, and its showing was most satisfactory and rather spectacular in performance, and brought out many commendations from the motor engine fans.

The company during the late afternoon put on a fine lunch for the big crowd of motorboat enthusiasts attending.

OBSERVATION And Comment

By John M. Gladhill

Experienced a most unusual situation one night recently, which pretty near scared the life out of me. There came a heavy rap at my door, and when I opened the door was confronted by three villainous objects, all dressed up in Mexican style. One of the boys (Christmas) gift and three ugly looking guns pointed at me, with a demand to open the door. I was in a state of confusion and got my visitors into the house and began parrying them on some type of a settlement. One night recently, when I opened the door was confronted by three villainous objects, all dressed up in Mexican style. One of the boys (Christmas) gift and three ugly looking guns pointed at me, with a demand to open the door. I was in a state of confusion and got my visitors into the house and began parrying them on some type of a settlement.

I hate to see dumb animals abused or placed in confinement by only owners. (Continued On Page 1)

Social Happenings

Mr. and Mrs. H. E. Jones and daughter Helen had as their guests for the weekend, her fiancé, Warren Thomas, and his parents, Mr. and Mrs. Leonard Thomas of Jacksonville.

Mrs. D. B. Mathis underwent an operation at the Good Samaritan Hospital in West Palm Beach on Tuesday.

Mrs. Robert Cameron left this week for Sanford where she will visit Mr. and Mrs. John

Hutt and also Mrs. F. Patterson of Deland.

Mrs. Inga Neilson of Chosen is visiting her son in Hollywood.

Allen Richardson of Tallahassee spent Tuesday here as the guest of Mr. and Mrs. Luther Jones.

BETA SIGMA PHI HAS RITUAL AND DANCE The Beta Sigma Phi Sorority

participated in their "Ritual of Jewels" ceremony on Thursday evening at the Country Club of the Everglades, with Mrs. William Alexander, field director officiating. This ritual is a termination of six months successful membership in the Sorority and attended only by members.

Their director and sponsor, Mrs. Ruth S. Wedgworth and Mrs. James A. Bell, also took part. At the conclusion of the service, jeweled pins were presented to each member, and gifts given to Mrs. E. M. Lively, president, and to Mrs. Alexander.

At ten o'clock the ladies were joined by their escorts for a formal dance to the music of George

Peter's orchestra. For refreshments a smorgasbord was served on the porch from a table beautifully arranged with crystal and silver. The traditional flower of the Sorority, yellow roses, were arranged in silver bowls. The Club was decorated in a valentine motif with red and white predominating colors.

Serving on the decorating committee were Mrs. W. A. Wooten, Mrs. B. A. Rogner, Mrs. J. E. Jones, Mrs. Francis Cross, and Mrs. Paige Choate. As a touch of gaiety, a waltz dance and a waltz contest were conducted with first prize awarded to Mr. and Mrs. Tom Chappell.

Other members taking part were Mrs. Clyde Clayton, Mrs. Carl T. Cone, Mrs. J. T. Harris,

Mrs. W. J. Ingram, Mrs. Charles Lantz, Miss Mary Francis Ledbetter, Miss Evelyn Lee, Mrs. Earl Lindrose, Mrs. Tom Lloyd, Miss Mary Alma Murphy, Mrs. Rosa Nash, Mrs. Ralph Pipes, Mrs. Nick Paff, Miss Constance Smith, Mrs. Margaret Sharpe, Mrs. Jack Brown, Mrs. Tom Watson, Miss Norma Weeks, Mrs. O. G. McWhorter, and Mrs. Frank Anderson.

Michael Berryhill, son of Mr. and Mrs. Lee Berryhill, celebrated his fourth birthday Saturday with a party at their home on the Palm Beach Road.

The feature of entertainment was pony rides which were greatly enjoyed by the little guests. A candle topped little

cake was served with ice cream and cold drinks by the host and hostess.

Attending were Phyllis and Martin Bus, Stewart and Craig Boots, Corky McKee, Richard and Patricia Hodges, Young and Lane Creech, Wayne and Bruce Boynton, Betty Jo and Lon Phillips, Gloria Smith, Sandra Campbell, Maryann and Barbara Collins, Kay Williams, David and Linda Spooner, Beverly and Angela Kirkland, Pete Raul, Lee Anne Berryhill, Wayne, Motes, Brenda, Larry, and Tony Berryhill.

CLUB HOUSE BOARD OF CONTROL MEETS

The Board of Control for the Community Club House met Tuesday morning at the Club House with the chairman, Mrs. Ralph E. Freeman presiding.

Betty Jo and Lon Phillips, a covered dish luncheon is enjoyed with bridge, other card games and golf during the afternoon. All members are urged to attend.

BENEFIT SUPPER AT COUNTRY CLUB

Plans have been announced by Mrs. Ralph Kirk, chairman, for a Benefit Buffet Supper to be held at Country Club of the Everglades on Saturday, February 19th from 7 to 9 p.m.

Food will be home cooked and a delicious supper as well as an enjoyable time is assured. All members are asked to attend and bring a party or guest.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Emmett Roberts announce the birth of a daughter on Saturday, January 29th, at the St. Mary's Hospital in West Palm Beach. She has been named Anna Maria.

Mr. and Mrs. W. L. Nelson, of South Bay, announce the birth of a son, Walter Steven, at the local hospital on January 23rd.

Mr. and Mrs. Carl Barstow of St. Louis, Mo., announce the birth of a son, Thomas Carlton, Jr., on January 18.

Woman Club Heeds Ringling Art Director

The years record breaking crowd of members and guests attended the meeting of the Woman's Club Wednesday afternoon. Guest speaker was Mrs. Marion Murray, assistant director of the Ringling Art Museum in Sarasota who was introduced by Mrs. H. O. Earwood. She showed colored slides of the museum and some of the outstanding paintings, giving most interesting.

Miss Ruth West accompanied

be the Pahokee and Clewiston Business and Professional Women's Clubs. Local citizens are also invited to hear this speaker at the Women's Club Building at 8 P.M.

BRIDGE-DINNER PARTY AT ROBT. MULLER HOME

Mrs. Robert E. Muller entertained a group of friends at her home on Monday evening with a spaghetti dinner. Bridge game were enjoyed with score prizes going to Mrs. H. R. Hitchcock and Mrs. J. E. Jones.

Other guests were Mrs. B. E. Weeks, Mrs. F. L. Harris, Mrs. E. M. VanLandingham, Mrs. C. C. Livingston, and Mrs. E. A. McCabe.

LADIES DAY AT COUNTRY CLUB

Ladies Day is held every two weeks on Friday at noon at the Country Club of the Everglades. A covered dish luncheon is enjoyed, with bridge, other card games and golf during the afternoon. All members are urged to attend.

BENEFIT SUPPER AT COUNTRY CLUB

Plans have been announced by Mrs. Ralph Kirk, chairman, for a Benefit Buffet Supper to be held at Country Club of the Everglades on Saturday, February 19th from 7 to 9 p.m.

Woman Club Heeds Ringling Art Director

The years record breaking crowd of members and guests attended the meeting of the Woman's Club Wednesday afternoon. Guest speaker was Mrs. Marion Murray, assistant director of the Ringling Art Museum in Sarasota who was introduced by Mrs. H. O. Earwood. She showed colored slides of the museum and some of the outstanding paintings, giving most interesting.

Miss Ruth West accompanied

on the piano by Mrs. S. K. Smith, Jr., gave two solos, "I Would Weave a Song for You" and "My Garden".

"Jesus and the Guests in the Home" was the topic of the devotional given by Mrs. I. E. Egan.

During the business session, Mrs. Harrison Raul and Mrs. E. D. Humphries were appointed to serve on the hospital auxiliary board.

Hostesses were Mrs. J. C. Egan, Mrs. A. R. Whidden, Mrs. E. W. Kiddie, Mrs. Ralph Pipes, and Mrs. Milton Barry.

School News

By Betty Lou Powell

F. F. A. Attends State Fair About forty-five boys and girls, J. E. Davidson, will attend the Tampa State Fair, February the 4th and 5th.

Among these boys who are going to the fair are showing Brahman calves, Kenneth Bass is showing his Registered Brahman, which is nine months old and Kenneth Harris is showing his, which is eighteen months old. Both are very fine bulls.

The calves were taken to Tampa, January 31st, and will be brought back February 12th. The Belle Glade Chapter will enter in with 25 more judging in judging vegetables and livestock. The members representing our Chapter in judging livestock are: Charles Miller, Jimmy Hesser, and Kenneth Bass. Those judging vegetables are: Willis Warren, Billy Bailey, and Kenneth Harris. There will be about 4500 F. A. members from all over Florida and they will stay in the barracks at Drew Field.

Barbara Hayman Given Surprise Dance Barbara Hayman was honored on her eighteenth birthday with a surprise dance at the Country Club, Friday night, January 28th, given by her parents, Mr. and Mrs. Lee Hayman. The Club was beautifully decorated in a valentine theme.

The tables were covered with white table cloths and red hearts pasted on them, the curtains were made out of red and white crepe paper and also had red paper hearts on them. The fireplace was decorated with strips of silver and white paper with red hearts on them. The side lights were blue, covered with shades of little lace doilies which also were decorated with red valentines pasted on each panel. The guests enjoyed dancing until twelve o'clock to the music of the Rhythm and then the group was invited out on the porch where a birthday supper was served. After the supper, birthday cake decorated in yellow and white was served with blue and gold ice cream. The guests were: Jerry Come, Willis Warren, Betty Jo Bearden, Rosalyn Farmer, Shirley Connell, Jim Buck Layfield, Junior Walker, Billy Joe Leathers, Lorelie Thomas, Jack Cromartie, Dot Brackin, Harry Doggett, Bill Bailey, John Bregger, Melrose Thompson, Geraldine Draz, Jackie Berry, Betty Lou Powell, Joanne Livingston, Billy Ray Evans, Buddy Friedman, Kenneth Harris, Judson Lloyd, Virginia Keller, Betty Jean Pitts, Kineita Scott, Carolyn Cato, Nannette Acree, Alvin Leathers, Dorothy Buckles, Shirley Campbell, Yvonne Fraser, Elizabeth Stevens, Lebron Williams, Murray Weeks, Mr. and Mrs. Charles Egan, Mr. and Mrs. I. L. Price, and Mrs. Susan Connell assisted by Mr. and Mrs. Hayman.

Barbara Hayman was honored on her eighteenth birthday with a surprise dance at the Country Club, Friday night, January 28th, given by her parents, Mr. and Mrs. Lee Hayman. The Club was beautifully decorated in a valentine theme.

The tables were covered with white table cloths and red hearts pasted on them, the curtains were made out of red and white crepe paper and also had red paper hearts on them. The fireplace was decorated with strips of silver and white paper with red hearts on them. The side lights were blue, covered with shades of little lace doilies which also were decorated with red valentines pasted on each panel. The guests enjoyed dancing until twelve o'clock to the music of the Rhythm and then the group was invited out on the porch where a birthday supper was served. fair grounds, and all shows and rides will be half price to children.

FOUR CORN PROCESSING PLANTS TO OPERATE IN GLADES THIS SPRING

With the announcement of E. H. Borchardt that arrangements have been made to enlarge his plant, it appears that the four corn plants at Belle Glade will make four plants capable of handling 20,000 acres of corn will be operated. James A. Dew, who operated a whole-grain corn-drying plant last year, it is understood, will operate also this year.

The Dew plant processes only whole-grain; the Borchardt plant processes only snap-ground corn while the other two grind either.

The government support of corn indicates that prices will be substantial for this spring deal. Many cattlemen are also turning to corn as a finishing material for Glades fattened steers.

Hunting Season Ended Last Tuesday

The general hunting season for Florida, except in the Third district, came to a close on Tuesday. Report of the season was that bird shooting was quite satisfactory over the state, but the deer and turkey season was not as heavy as had been expected. A few bear and cougar were killed in the Big Cypress.

Glades Branch Sees Refrigeration Film

The Glades Branch of the National League of Fresh Fruit and Vegetable Distributors held its February business meeting at dinner and entertainment at the Glade Club at South Bay, Tuesday night. After the steak supper, and the short business hour, a wonderful motion picture was shown which depicted the advancement and new features about modern day refrigeration, especially for handling and protection of fruits and vegetables.

Noted Mason to Address Local Lodge February 8th.

L. E. Will, master of Belle Glade Lodge, No. 271, announced that at the communication of the lodge on February 8, there will be no degree work or examinations, but that there will be an Educational program.

Dr. John Wells, a Mason of high rank, will be the guest speaker of the evening. He will speak on a subject of his own choice. Members are urged to be out for this outstanding event.

TEXAS FREEZES TO

Continued from page 1 market this week was 50 cents for celery; 75 per sack for cabbage and \$1.00 up for crate; and sweetcorn, \$2.00 and up for hamper.

Russling is indicated in the Glades famine proposition. Report is that some good news is in the offering for this deal.

Owing to the exhaustion of appropriated monies for the Atlantic Coast Lines Oklawaha switch, has caused the Smith Construction company to temporarily cease work on the project, which is possibly 75 per cent complete.

About a dozen Glades growers and brokers will be heading out the end of next week for Pittsburgh to attend the National League convention. Pittsburgh branch has made great plans for this event.

Carloading week ending February 2nd, 1949:

	North End	South End
Beans	0 379	0 342

Toys To Take on Importation Drive For Country Work

Jake Boyd, who has been in importing event, says that for many years, it is to be given an assistant in August Weibrecht.

Boyd will devote most of the on the projects which will use up some four million dollars.

Army Air Recruits From Glade Section

The Army Air recruiting bureau at West Palm Beach, during the month of January, enrolled five recruits from Belle Glade, named Fred Clark, Billy Henson, James Lindsey, Sidney Prescott and Richard E. Byrd.

Miami Negro Woman Stages a Battle With Chief Goodlett

Doris Forbes, a prepossessing colored woman from Miami, came to Belle Glade, Saturday, to hunt down her erring husband and after locating him, began to give him a vocal dressing down in front of a Fifth street business place.

Chief Charles Goodlett was driving by and hearing the racket stopped to investigate. After repeated admonition to hushy chatter and threats to obey, the Chief ordered Doris into the police car, she went in but came out the other side, and then fought the officer's putting her back a second time, but this time she stayed "put". She was charged with disorderly conduct, and later put up bond for her release. Her husband told the police he left Miami to get a bit of vacation from the wife's nagging and continual talking.

Deputy Sheriff DeWitt Passes From This Life

The many Glades acquaintances and friends of Deputy Sheriff "Bill" DeWitt of Sheriff's Kitchen staff, will regret to learn of his death on Wednesday, after a short illness. For fifteen years he has served as a deputy under Sheriff's Lawrence, Baker and Kirk, as a very efficient officer. He was a member of Harmonia Lodge of Masons. Funeral services were held this Friday afternoon.

Plan Open House Dedication For Local Hospital

Did you know that the Belle Glade hospital had never been formerly dedicated, but that is the truth. A date had been set for such a function in 1947, but that October, a hurricane came along and spoiled the date and much of the newly repainted walls and woodwork.

As a suggestion from the friends of the hospital, another date is to be chosen for such a celebration in the near future. All citizens will be invited to visit and inspect the plant which the government gave to the Hospital district.

A program will be presented if and when the open house event takes place.

Glades County Electric System Makes Big Growth

Both Glades and Hendry county are already served by the highest and power system of the Glades Electric Co-Op Association. Territory in the Fort Bassinger section in Oklawaha county will soon join the system.

At the annual meeting, the manager set forth that subscribers the past year had increased from 152 to 475; and that the farm subscribers now reach 404 out of the total. The company has its power plant at Moore Haven.

Vegetable Growers to Discuss Legislation

Vegetable growers and shippers in the Lake Okechobee area are invited to meet at the Belle Glade Town Hall on Tuesday night, January 15, to discuss the proposed amendments to the wage hour law, and other state and federal legislation affecting vegetable growers and shippers. B. Y. Crouch, director of the Glades Fruit and Vegetable Association advised that LaMonte Gray, manager of the Association, and Joffre David, head of its shippers' division, will attend and explain the various laws.

FT. PIERCE ELKS Continued from page 1

The attendance from Belle Glade lodge was disappointing, but those present were Lou Borchardt, David Kirkman, James J. Gray, John M. Gledhill, George Jones and Maurice Shulman.

An unusual event will be staged in Belle Glade lodge, this coming Monday night, at a class initiation, when Past Exalted Ruler, John M. Gledhill, will preside, and will initiate the list of eight Kirkman brothers into the order's membership, a name list: Lou Borchardt, John M. Gledhill, Kirkman, Exalted Ruler Borchardt desires to make this an interesting event, and has arranged attendance, as this is an epochal event for the local lodge.

Fair Association Granted its Papers Of Incorporation

Judge C. E. Chillingworth considered the application and granted incorporation for the South Shore Fair Association, of Belle Glade, on Tuesday. The new association consists of members of Belle Glade Post, No. 1181, Veterans of Foreign Wars, and will stage shows, carnivals and agricultural exhibitions for the benefit of the

region and charitable purposes. James M. Mullen, Louis Kirkman and Fred Ogle are the temporary officers to serve until the next annual meeting. The Association is now arranging to present a new show of carnival here on the Rader show grounds on West Avenue E, which are being put in shape for the event.

The Association's stock distribution will be by subscription, and so far most of the Post members have taken out shares. The new group plans to see that Belle Glade gets good supervised entertainment suitable to the time and the season.

WORKING OUT PLANS (Continued from page 1)

fully recruited sufficient migratory labor if a worker had to move his wife and four children, for example, from New York State to Florida on a regular bus. He couldn't afford it, therefore would look for some other kind of a job.

Mr. Livingston assured Mr. Gray he understood the farmers had a problem that needed solving, and that he would aid in enacting legislation to correct the situation. Gray said that the Florida Fruit and Vegetable Association would sponsor legislation to clarify the status of farm labor crew leaders.

Twenty-One Million (Continued from Page 1)

leaves around Glades farming area—to be begun in June of '50.

If funds are made available for the next two years—"52 and '53—an additional federal expenditure of \$24,696,000 and a State cash expenditure of \$4,360,000, would allow "stages B, C & D" to be begun and carried to an expeditious finish.

The plan contemplates the improvement of St. Lucie, West Palm Beach, Hillsboro, N. N. River, Miami and Colossalatche canals with control gates, and pumping stations at the Lake end of several canals.

Further phases of the work contemplate improvement of the dike around the Lake, and an overall set-up for absolute control within the 600,000 acre farming area around Lake Okeechobee.

John Beacham, as Chairman of the Finance Committee, and B. Elliot as a member of the Executive Committee of the Citizens Committee on Flood Control are devoting full time these days working on prospective legislation, with the aid of the Everglades Drainage District Board and the Resources Board. John Bollinger has continued to keep close tab on contacts which he made during a trip around the State to visit fellow House members.

and discuss Flood Control. Farmers and others interested may help themselves and this area by jotting on a map the outline of the works indicated above and use this as a basis of urging legislative action with whomsoever you know.

The greatest forward step toward an unmatched agricultural empire is all but taken—when the Florida Legislature makes available the little more than three millions for the next two years, it will have been taken.

Here's where to get GENUINE PARTS and EXPERT SERVICE

One thing you'll like about the Ford Tractor... it's simple in design and built right. Doesn't take much servicing. Yet when it needs something done here or there, it's easy to do.

For example, we can relino brakes in almost no time... don't have to pull the axle. Transmission, steering... everything is designed for efficient service.

With this new Ford Tractor, you won't need us often but when you do, you'll like our work. We service all Ford Tractors, and Dearborn Farm Equipment, with genuine parts.

BELLE GLADE, FLA.

Beach were called to Stateboro, Ga., Saturday by the death of an uncle.

Mrs. A. N. Lamoureux, Mrs. H. C. Willis, Mrs. F. W. Mutchler attended a meeting of the Senior City Council of Home Demonstration women at the Belle Glade Community Methodist Church on Thursday. Two new clubs, Jupiter and Morrison Homes were recognized.

**State Patrolman
Presents Safety Film
To School Children**

State Highway Patrolman George Reichgott of Miami and Chief of Police C. G. Payne made safety talks at the South Bay School Monday and Patrolman Reichgott presented a moving picture film on rules and regulations governing bicycles on the highway. The faculty report that the children were very much interested in the film and that school boy bicyclists were noted obeying the rules after school Monday.

Patrolman Reichgott will continue Belle Glade, Palm Beach and Canal Point during his stay in the Glades. Civic organizations as well as the schools will be contacted and an effort will be made to acquaint the people with traffic rules and regulations of Florida. The movement has the full approval of Governor Fuller Warren and it is hoped will reach all communities in the state. By this means it is confidently expected that traffic accidents may be materially cut down this year.

**Attend Ft. Myers
Church Conference**

Mr. and Mrs. Russell Mance of Belle Glade, Mr. and Mrs. Julius Herring of Hookers Point, Mrs. Flossie Johnson, Mrs. J. W. Patton, Jack Sumner, Marie Taylor, Kathryn Sanders, C. W. Byrd, Mr. and Mrs. G. Wiggins represented the Glades at a Church of Latter Day Saints Conference at Fort Myers Sunday, January 23. There was an attendance of 75.

**Lake Harbor Baptists
Holding Special
Revival Meetings**

Rev. O. K. Collins, pastor of the Lake Harbor Baptist Church, is announcing a series of revival meetings for his church, which will be in charge of Rev. W. K. Williams, a guest evangelist.

**Will Have Founders
Day Program**

The South Bay Parent Teachers Association will meet at the school auditorium on Monday, February 7 at 8 p. m. A Founders Day Program will be presented. All patrons of the school are cordially invited to attend.

**Chamber Elects
New Officer Board**

The South Bay Chamber of Commerce elected officers at their last meeting. N. N. Starling was elected president; S. J. Fisher vice-president; and Mrs. Jewell Lovell secretary and treasurer. The organization vote to purchase a typewriter for the use of the secretary.

**Carpenters Wages Set at
\$2.12 per 8 hour Day**

The County Labor Union, with headquarters in West Palm Beach, and which has affiliate branches in Pahokee and Belle Glade, by printed notice, has announced that the scale for carpenter wages, starting February 1, will be \$2.12 per hour for regular day work, with other rates for over time and holiday rates.

**Schedule Changed
For ORC Meeting**

The Organized Reserve Corps Headquarters, West Palm Beach announced a change in ORC meetings for Ft. Pierce-Vero Beach-Stuart and the Belle Glade-Pahokee-Canal Point areas.

Meeting in this area will now be held at the Osceola Camp on the first and third Wednesdays of each month. Meetings will begin at 8:30 P. M.

**Proacher Frazier to
Have Fine Theater
Over in Negrotown**

Robert Frazier, colored minister, barber and landlady is taking on a new business project, in the form of becoming the owner and operator of a moving picture house, which will be located on C place.

The structure of concrete block and steel is a very sizable one, and will be equipped with the latest of picture house furnishings when completed.

The auditorium will be so constructed so as to be used not only for the theatre, but also for conventions and inside negro athletic events. The place is the type needed for the negro activities.

Chance To Travel!

If It's Blended! It's Splendid!

Why Are Blended Insecticides Necessary?

New discoveries in the field of insecticides and fungicides created the necessity of employing new methods of combining these chemicals in a manner to derive the maximum effectiveness with the least expense.

Obviously such low concentrations as six, ten and twenty pounds of high priced ingredients in 2,000 pounds of finished mixtures presented problems.

We are now face to face with the same obstacles that the manufacturers of expensive face powders and paints had already solved.

It was only necessary to convert the same system and type of machinery as they had already perfected—high speed blending mills which perform in the dry powder field in the same manner as homogenizers and colloid mills do in the liquid emulsions field, producing complete dispersion of all the chemicals throughout the entire mixture.

Don't waste expensive ingredients, have it blended properly.

Buy STUCKEY'S SUPER BLEND Brand.

How Much Did You Make Last Year?

That's not an easy question. Profit can't be determined by arithmetic—but only by accounting. And accounting requires informed and expert judgment. It means sorting and arranging all the complex transactions of business, and presenting them in an orderly manner to show the results fairly.

Experience shows that this work can best be done by a person trained and experienced in the application of accounting principles.

That's why the Certified Public Accountant was born. As an independent, professional auditor, he brings to the job a disinterested judgment, and a sense of responsibility to everyone who may rely on the opinion he attaches to financial statements. His assistance is essential for the taxpayer who wishes to pay the correct tax—not too little, and certainly not too much.

Interested readers are invited to send for the pamphlet "Why C. P. A. Standards are Important to You." Address: The Managing Director, P. O. Box 2142, University Station, Gainesville, Florida.

OBSERVATIONS

Continued from page 1
endure the conditions in which some animals are placed, just for a few minutes, I think they would be more humane to their pets.

Charles Kingsley, the writer, wrote this: "Fly the Man who wakes up and has nothing to do." Only the idle know what the passing of time means.

The keynote motto of the Lions is "Unselfishness" and its slogan is "Liberty and Intelligence for our Nation's Safety."

The Glades County Soil Conservation Association, farm project deal, is making progress in its work. Three government workers are coming in to plan and supervise operations of the plan, which will relate largely to the improvement of the pastures and the planting of improved grasses. The Government from excess supplies has donated an Allis-Chalmers RD-7 bulldozer, and other pieces of farm machinery will be added for other type of farm work.

Walker Fears, is quite a lover of the big outdoor and wild places, and likes to do exploring work. Recently, an out city friend, Ralph Russell came into the air field with his plane, and picked up Walker, and they took a flight into the deep center of the Big Cypress swamp and woodland tracks. The young man did not fishing or hunting, he did look around at the beauties of the wild. Walker stated that the visit was one of the thrills of his life. He can across numerous snakes, and saw at least two dozen alligators of various sizes.

The Hercules Powder Company, which manufactures naval store commodities, is a great stump collector, which it ships from Florida areas. They select hardened yellow pine and cypress stumps which are shipped to Brunswick, Ga., for processing of the wood to get the gums and oil, namely, rosin, turpentine and pine oil, all of which are chemical formulas. Zephyrills is the location of one of the company's stump collection stations.

Post cards by air mail are a new innovation in the Federal Postal service, of four cent denomination.

The local National Guard unit has been provided with a very useful piece of equipment in the way of a movie picture screen. The unit will use it for the showing of training and tactical films.

With four radio reporting stations and around 10 mobile units in the Glades section, it is going to be pretty difficult for any criminal or fugitive to enter into, traverse or get out of the Glades area. With the three inter-communication police broadcasting systems tied into each others, messages can be sent and received into any portion of the territory.

Through the studious study of Mayor Junius Harris of the City Charter and ordinances, he finds that there are numerous safeguards which the city needs for its own protection and interests. One by one a new ordinance makes its appearance before the city commission for action. A number of desired changes in it, included when a town status, will be collected, to be presented to the Legislature, for such needed changes and additions.

A man, an institution or a municipality all try to build up a good standard of respectability and reputation and are often most proud of what they have been able to do in that direction. Experience has proven that there is no way that such standings can be wrecked and ruined than just by the circulation of gossip of an unfavorable nature. The gossip monger mostly knows nothing about the true facts, and cares less, so long as he can let his mouth run free, and has no care of thought of the damage that can be done by his utterances. There ought to be some means to put a brake on some of those trouble makers.

Florida in years past had a fine reputation for oyster production especially on the north gulf coast, around Appalachicola. Of late years the oyster business went into a decline. Now the State Game Commission has set up a foundation for an oyster cultivation program. Among the aims of conservation will be to prevent the raiding of present producing beds, and the wholesale destruction of young immature oysters. Dr. F. G. Walton Smith, of Miami, has been named as the head of the organization. Smith gained much publicity in south Florida in his connection with the "Battle of Chassabach," in relation to commercial fishing.

He advocated the taking of scale fish, other than bass, as a real help to sport fishing, claiming an over population in the lake.

The State Highway Department, the County Commissioners and the City Commission have received many complaints concerning safety conditions at Six Mile bend bridge, where according to the curve and the angle of the bridge setting, has been the scene of numerous accidents in which injuries and death have resulted. The pressure has become so great, report is that the Department engineers will soon be working on plans for changes in the highway there.

Agriculture experts have fooled around with cross breeding so that they now announce the development of a new type of tomato which will be known as the "Southland". Its first cross was between the Devon, a hardy English type and Indiana Marglobe, and later with Marglobe, Rutgers or Pan American. It is a beautiful fruit, suitable for table or canning purposes, and is resistant from collar rot and fusarium blight. It is claimed to be the ideal tomato for the south growing areas, and is a prolific bearer. Sprays now used are found suitable for the new Southland variety.

When the farmers of the Glades drop in those seeds of corn, beans, or put in plants, they can appropriately pray and repeat the lines of an established hymn. "What will the Harvest Be". If they could predict what the market price would be as easy as they can guess or figure the volume of harvest, they would be much more comfortable in their minds.

Housewives find that they can clean up their dirty clothes more satisfactorily in their home laundry than by sending it to some outside source to be purified. The same thing applies when questions that effect public controversies arise. A home solution is far better than one made from the outside at hands of persons not familiar with local situations.

The city and surrounding area got another DDY during recently, which ought to give the flies and bugs a knock out punch. Flies were becoming intolerant, claimed to be due to their breeding in celery piles scattered her and there on the farms.

Our local Future Farmers of America will again enjoy their annual outing at the Tampa fair on February 11 and 12, when their organization has their day. Local boys will exhibit cattle and also enter the stock judging contests.

Visiting golfers attending the Elks golf tournament at the local course, were high in their praise of the course and the extensive hospitality extended to them. Those who remained for the evening entertainment enjoyed a top vaudeville show.

staged by a versatile Hollywood artist.

Have you made any mistakes in making your telephone calls over the new dial systems? Most everyone finds it necessary to look at the new directory to get the right number connection, for there are few phones but what have changed calls.

14. PONTIAC FAMOUS IMPROVED STRAIGHT SHIRT AND SIX CYLINDER ENGINES

Coastal Truck & Equipment Co.

EAST PALM BEACH ROAD
BELLE GLADE, FLA.

Pontiac Has Two "New Looks" For 1949

This is the four door deluxe Pontiac sedan in the Streamline series. Forward thrust has been gained by lowering the hood. Body contour is in the modern manner and yet unmistakably Pontiac. Added safety is compounded by reduced pillars and a curved windshield whose gleaming sweep has been increased nearly six inches. Both Pontiac Streamliner and Pontiac Chiefline uses a 120 inch wheelbase and Hydra-Matic transmissions optional at extra cost.

Beautiful Pontiac Presented Locally

Mr. Urban F. Felsing of Coastal Truck and Equipment Company has returned to Belle Glade today after attending a dealers' preview of the new

1949 Pontiac Silver Streaks in Atlanta. The long awaited, much speculated upon 1949 Pontiacs were revealed publicly today as two completely new and strikingly beautiful line of motorcars. Harry J. Klinger, general manager of Pontiac Motor Division and vice president of General Motors, described the

new Pontiacs as "The finest motorcars we have ever produced." Pontiac offers the public two "New Looks" for 1949. The Chiefline series is an entirely new concept of functional beauty distinguished by its ultra-

styled rear pattern. The Streamliner series is an extremely advanced rendering of the flowing design factors popularized by Pontiac.

Both Chiefline and Streamliner series use a 120 inch wheelbase. The Torpedo line has been discontinued. Mr. Klinger said.

Interiors Carry Motif
Just as the exterior of the 1949 Pontiac is distinguished by a complete lack of automotive "ginger bread", interiors carry out the motif of elegant simplicity. Comfort and safety predominate in Pontiac's selection of interior features:

—Both lines have up to 38 percent more glass area front and rear.

—Seats are wider front and rear and also the doors. Floors are level with door sills.

Travelux Ride
The Pontiac ride has been improved by moving the rear seat well forward of the rear axle, cushioned between the front and rear springs. An added dividend is added hip room by avoiding the space-taking wheel housing.

The front seat has been moved four inches forward and because of the increased width it has been possible to move the steering column two inches further to the left, giving additional elbow room to driver and front compartment passengers.

Basic elements of the new Pontiac ride, in addition to seat re-arrangement, are softer front and rear springs, extra low-pressure tires, a heavier frame, new suspension based on air-plane type shock absorbers functioning inside coil springs.

10 Body Types
Pontiac will make ten body types for 1949 and with two exceptions each may be had as standard or with certain refinements which Pontiac designates as its Deluxe models. Exceptions are the convertible which is available with deluxe equipment only and the sedan-delivery, a swank commercial vehicle new to the Pontiac line, standard equipped only. Two station-wagons are available: in all steel construction and in wood-and-steel.

Choice of Engines
Pontiac owners may choose, as in the past, between the 80-horsepower six cylinder engine, and the 104-horsepower eight. Compression ratio with standard head is 6.5, well in the upper range of American motor cars and not requiring premium fuels.

Hydra-Matic
Seventy-five percent of 1949 Pontiacs were ordered with Hydra-Matic drive—an indication of the public's enthusiasm for this automatic transmission. Pontiac in 1949 will continue to supply Hydra-Matic as optional equipment at extra cost. It is the lowest priced car to be thus equipped.

"Better Living" Touches
Starter button on instrument panel. Cane-type, pull-out hand brake, the cables sealed against freezing. Extra low pressure tires (7.10-15) on smaller, wider rims. Increased luggage capacity. Trunk has a counter-balanced lid and is self-locking. Clustered instrument panel with all operating controls grouped around steering column. Ignition switch is lighted and speedometer milage figures magnified. A new outside air system reduces the fogging factor. Steering wheel rigidity has been improved to increase stability. Fan pitch and speed have been reduced to cut high speed whine.

Markham Apries Will Have Honey Exhibit at Fair
The State Department of Agriculture, at Gainesville, last week, sent an invitation to Floyd C. Markham, owner of Markham Apries, to participate in the state wide honey exhibit at the Tampa State Fair, February 1 to 12. Free booth had been reserved for his display.

He accepted the invitation and will take around 1200 to 1500 packages of Glades type honey to be on display.

Markham will feature his "Thistle" honey, which while not quite so well known or advertised, is said to be equal in every respect to the famed Tupel honey, which comes from the Suwanee Valley of North Florida and Georgia. This is a fine clear honey and does not crystallize and has wonderful flavorable taste.

The honey show at the fair is always one of the most interesting displays and largely visited. By his display Mr. Markham hopes to demonstrate that the finest of honey can be produced in the Glades, where he has been operating for many years. He invites all Glades people attending the Tampa fair to come in and visit his display.

Yearly State Loans Exceed Taxidermies Of Flood Program
It's not only worth protect-

ing, but it's absolutely necessary to the welfare of the state," Col. A. G. Matthews, Chief Engineer of the State Division of Water Survey and Research, declared this week in referring to the \$208,000,000 Florida flood control project, and listing its benefits.

More than two million tons of citrus fruits and vegetables were shipped out of the project area in 1944-45. In spite of drought conditions in 1946 the area produced \$11,764,000 worth of sugar, and sent 120,000 head of beef to market.

Property in these 18 counties of Central and South Florida is assessed at a billion and a half. For the 1946 tax year, the 800,000 people in that section paid \$115,738,000 in individual income taxes. The 3,232 service establishments in the territory had total net receipts of more than twenty-two million dollars. Annual net sales of its 851 wholesale houses is more than \$171,000,000. The 10,778 retail stores had total sales of more than \$259,000,000.

"What a flood takes a ninety million dollar chunk out of that business, it's a serious blow to the economic well being of the state," Matthews asserted.

Ex-Governor Caldwell Resumes Law Practice in Tallahassee

Former Governor Millard Caldwell returned to the private practice of law today as a member of the firm of Caldwell, Parker, Foster and Wigington, of Tallahassee.

He will engage in general practice. He had law offices here before he was elected Governor in 1944. He took his law work at the University of Mississippi, and Virginia, and has practiced since coming to Florida in the early twenties.

During the time he was Governor, State boards on which he served were engaged in a number of law suits brought against them by Attorney General Tom Watson. The boards were upheld by the courts in every one of these major cases.

COLORADO MAN

(Continued from page 1) and Chief of Police Charles Goodlett apprehended the man and took the wounded woman to the Belle Glade hospital for first aid. Later she was removed in the Taylor ambulance to the Pine Ridge hospital in West Palm Beach, a bone specialist was required to handle her particular kind of injury.

Ley Wells, colored, who has had a long list of highway traffic violations against him in the past two years, was again picked up by the Belle Glade police, for running a red light, causing an accident, driving without proper car license, or driver's permit. Judge Johnson threw the law book at him in the form of a \$175 fine, and enforcement of driver permit cancellation. No more driving for Wells for some time.

Susie Leggett who did some body puncturing with a knife on the anatomy of Nathaniel Buxton drew a fine of \$25.00 and costs. John Flintrow did not possess a driver's license as he drew \$25.00 and costs.

Grace Johnson pleaded guilty to a charge of assault with a knife against her husband, drew a fine of \$45.00 and costs.

Eliza Clark and Loraine Barnes, rivals for a man's affection, fought it out on the street with a beer bottle flinging affair, until police ended the fracas.

The Clark woman was handed a \$45.00 fine and the Barnes woman one of \$25.00. There were numerous common drunkards before the court, all of whom left \$15.00 contributions to the city's "kitty".

DYKES WILL

Continued from page 1 days and lots of employment on the waterway and land.

Enlargement of both the St. Lucie canal and the Caloosahatchee river is contemplated in the program.

The dike system surrounding that farming sections, Matthews said, would start on the St. Lucie near the lake and angle south-eastward to the West Palm Beach canal, then southward to the Hillsborough canal. The farm free levee would cross the North New river canal about 18 miles from the lake, west of Lake Hopewell and finally tying in with the big levee along the southwest shore of the lake.

TENNESSEE GUIDE

(Continued From Page 1) being over \$6 pounds.

Among the fish was the "whopper" which Sharp caught in the grass at Winco cove, on a Johnson spoon, after a sharp battle. Corbin states that this is the largest bass which has been weighed in at his dock in the past three years.

The fisherman had several five and six pound fish in his bag, and they were highly pleased with their local fishing experience.

Bass have been hitting well the past week and a number

of five to seven pound fish have been brought in, one of them caught by an Indian sportswoman, who was having her first fishing trip on the lake.

Ernest Fiedler and Bill Graber will have to do some mighty tall fishing if they catch as big fish as hooked and landed by the Tennessee guide.

Fishing camp operators all around the lake report that they have had most satisfactory patronage the past season, and what is more, their patrons went home stating that Lake Okechobee is a fine fishing ground for bass, and other edible fish.
